The image displays the mobile application interface for RemitLand. At the top, the RemitLand logo is prominently displayed. Below the logo, a vertical sidebar menu is visible, listing several navigation options: 'Dashboard', 'Conversion', 'Wallet' (which is currently selected and highlighted), 'Balances', 'Transactions', 'Tasks', 'Beneficiaries', and 'Team'. The 'Team' option is accompanied by a 'Coming Soon' label. At the bottom of the screen, there are two large, rounded rectangular buttons: a dark green one labeled 'Add Money' and a yellow one labeled 'Send Money'. The entire interface is set against a light gray background.
